SKILLS

Languages:	C , JavaScript , PHP
Frameworks:	HTML , CSS , Bootstrap , NodeJs , React
Tools/Platforms:	MongoDB, Tableau,, MS SQL Server
Soft Skills:	Problem-Solving, Team Player, Project Management, Adaptability

TRAINING

Cipher Schools (Edtech Company)	Jun' 23 – Jul' 23
Data Science using Java	
<ul style="list-style-type: none">Implemented data structures like Arrays, Linked Lists, Stacks, Queues, Trees, and GraphsApplied DSA concepts in backend development, optimizing database queries and API responses for efficient data handling in web applications.Improved database analyzing , query efficiency using indexing and caching, reducing response time by 20%.	

PROJECTS

Bike Rental Website <i>HTML, CSS, ReactJs, Javascript, NodeJs</i> GitHub	Nov' 24
<ul style="list-style-type: none">Built a full-stack bike rental website with a user-friendly interface for searching, booking, and managing rentals , also the complete details of the bike .Developed a recommendation system to suggest bikes based on location, user preferences, and demand patterns , there are also blogs and reviews available based on the previous customers.Integrated frontend (React.js) and backend (Node.js) to ensure smooth performance and data management	
Library Management System <i>PHP, MYSQL Server, HTML, CSS, ReactJs</i> GitHub	Oct' 24
<ul style="list-style-type: none">Improved user experience and library efficiency by analyzing key metrics such as book popularity, borrower trends, and overdue records, leading to a 50% increase in user engagementEnhanced inventory management by tracking book demand and optimizing stock levels, reducing misplaced books by 30% and ensuring timely availability.Leveraged data analytics to identify reading trends and recommend relevant books, increasing user retention and library membership by 15%.	
Tourism Travel Booking Website <i>NodeJs, HTML, CSS, MongoDB</i> GitHub	Apr' 24
<ul style="list-style-type: none">Created a basic Tourism Travel Booking Website using Node.js, HTML, and CSS, streamlining the booking process and enhancing user experience.Designed an intuitive interface for managing tour packages, bookings, and customer interactions, improving operational efficiency by 50%.Explore numerous blogs and discover detailed destination guides to fully understand your travel package experienceIntegrated MongoDB for secure user authentication and login data storage , ensuring data integrity and fast access .	

CERTIFICATES

Data Structure Algorithm CipherSchool	Jun' 24
Building Wb Application in PHP Coursera	Oct' 24
IBM DevOps Software Engineering Coursera	Dec' 24
SQL HackerRank	Mar' 23

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Sep' 2022 – Present
Computer Science and Engineering; CGPA: 6.91	
Nri brilliants JR College	Vijayawada, Andhra Pradesh
Intermediate	June' 2020 – May' 2022
PCM; Percentage: 95.3%	
Narayana English Medium High School	Vijayawada, Andhra Pradesh
Highschool	June' 2019 – April' 2020
Percentage: 100%
